14<sup>th</sup> September 2021

Dear Parents/Carers

## Year 4 SCIENCE DOME EVENT

We are planning a fabulous Science Dome school event for the children, to enhance their work on volcanoes and earth science. The Science Dome will be in school on **Tuesday 19th October**.

The children will learn about Earth's ancient history by looking at the planet from space and then showing the pictures of the surface changing through time using the digital theatre and planetarium using a 360 degree picture and film sequence.

Pupils will learn about:

- The Earth having a different appearance and continents in the past
- The core and make up of the interior
- Different rock structures
- Different life and climate through time
- Types of volcanoes and location
- Continental drift and plates
- Earthquake zones and oceans

A donation of **£6.50** is required towards the workshops and if this should cause any problems please do not hesitate to contact Mrs Latham in the School Office. Please complete and return the attached slip below, together with your donation, **before Monday 4th October**, in a sealed envelope.

This is a fantastic experience for the children and we are looking forward to sharing it with them!

Yours sincerely

Mrs Simac, Miss Rowsell and Mrs Brook  
Year 4 Class Teachers
